The Honorable Board of Supervisors
County of Los Angeles

Los Angeles, California 90012

Dear Supervisors:

**APPROVAL OF HEALTH CARE INTERPRETER MEMBERSHIP AND
CONNECTION FEE SERVICES AGREEMENT
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Approval of a successor Agreement with Health Care Interpreter Network for the provision of health care interpreter membership and connection fee services at various Department of Health Services facilities.

IT IS RECOMMENDED THAT THE BOARD:

1. Authorize the Director of Health Services (Director), or his designee, to execute a successor Agreement with Health Care Interpreter Network (HCIN), effective upon Board approval for the period July 1, 2014 through June 30, 2019, for health care interpreter membership and connection fee services at Department of Health Services (Department or DHS) facilities with a total amount of \$3,016,782 for the five year period to support membership connection fees and T-1 Lines (\$218,000 annually), with an estimated annual amount of \$400,000 to pay for any excess interpreter minutes if facilities generate minute debits during their use of the health care interpreter services; with the option to extend the Agreement for up to five one-year extensions at the annual sum of \$218,000 for connection fees and T-1 Lines and an estimated \$400,000 annually in excess interpreter minutes.
2. Delegate authority to the Director of Health Services (Director), or his designee, to execute Amendments to the Agreement, to: (1) extend the term of the Agreement for up to five additional one-year periods; (2) increase the

annual amount of the Agreement by \$5,300 for equipment, monthly hosting fees, and Verizon's coverage and data plan; in the event DHS fully implements TeleHealth Services after an initial six month pilot program, should County wish to continue these services, (3) add, delete and/or change non-substantive terms and conditions in the Agreement; (4) to approve necessary changes to scope in services and implement modifications in accordance with the Agreements' terms and conditions; and (5) increase the total contract amount for connection fees and T-1 Lines by no more than ten percent (10%) of the annual contract sum for each term of the Agreement to allow for rate increases due to changes in technology that require routing systems upgrades that will result in an increase of fees, and to add DHS facilities.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the first recommendation will allow the Director to execute a successor Agreement substantially similar to Exhibit I, with HCIN to replace the current agreement that is scheduled to expire June 30, 2014. A successor Agreement is recommended in order to update the terms and conditions.

Approval of the second recommendation will allow the Director the flexibility to amend the Agreement for a variety of actions without returning to the Board. These actions would include extending the term of the Agreement; adding, deleting and/or changing non-substantive terms and conditions in the Agreement, approving necessary changes to scope in services, implementing modifications in accordance to Agreement's terms and conditions; and increasing the total contract amount by no more than ten percent (10%) of the annual contract sum for each term of the Agreement to allow for rate increases due to changes in technology and the additional facilities.

HCIN

HCIN is a collaborative of California hospitals and health care systems, including DHS, using the latest technology to share trained health care interpreters. Hospital videoconferencing devices and telephones connect within seconds to interpreters on the HCIN system, using a hosted video/voice call center service. HCIN uses state of the art call center software products and videophones developed by Cisco Systems. HCIN delivers high quality, culturally competent interpretation service to limited English proficient, deaf and hearing impaired patients in California healthcare settings. HCIN member hospitals create a pool of interpreters that can be accessed through the system. Additionally, American Sign Language is available 24 hours 7 days a week via video conferencing.

DHS Video Medical Interpretation (VMI) Call Center

The DHS Video Medical Interpretation (VMI) Call Center is the cornerstone upon which DHS has built a "Center of Excellence" in the provision of language access as an essential service utility and the HCIN Agreement supports the availability of interpreters. The Affordable Care Act requires language access capability for patients needing a medical home and DHS is committed to meeting those requirements. The VMI Call Center ensures a language access infrastructure in this integrated safety net. The VMI Call Center provides the most efficient utilization of human resources available with staff interpreters averaging 25-30 calls per day, versus 8-10 in-person sessions as before. Service requests are routed between DHS facilities within an average of 11 seconds. Additionally, while in-house interpreters speak 6 languages, there are 21 languages shared and served through the VMI network.

Telehealth Pilot Project

In addition, HCIN was awarded a California Healthcare Foundation grant, which will support the cost of a Telehealth Pilot Project (Project) at Olive View-UCLA Medical Center for its Palliative Care Center, and at Rancho Los Amigos National Rehabilitation Center's Spinal Cord Center for a six month period. The Project will extend service provisions to patients in their homes after they are discharged from the hospital through video access supported by iPads that will be provided to the participating patients, at no cost to the patient or County. Under the Project, HCIN will also provide and support, at no cost to County, set-up cost and the monthly hosting fee for coverage and a data plan through Verizon. After the six month pilot period, if County wishes to continue with this service, an Amendment will be executed to incorporate the payment for this service into the HCIN Agreement.

Implementation of Strategic Plan Goals

The recommended action(s) support(s) Goal 1, Operational Effectiveness and Goal 3, Integrated Services Delivery, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

The estimated project cost is \$3,016,782 for the period of July 1, 2014 through June 30, 2019. The known annual project cost is \$218,000 for membership connection fees and T-1 lines.

For FY 2014-15, facilities anticipate generating an estimated \$400,000 in incurred minute debits which is reflected in the total estimated project cost above.

Funding is included in the DHS Fiscal Year (FY) 2014-15 Recommended Budget and will be requested in future years' budgets.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On June 12, 2007, the Board approved an Agreement with Contra Costa Regional Health Foundation (CCRHF) the former organizational home of HCIN, and subsequently approved an amendment for a delegation and assignment from CCRHF to HCIN. Most recently, on June 11, 2011, the Board approved an Amendment with HCIN to extend the term of the Agreement and provided delegated authority to the Department to exercise an option to amend the Agreement and extend the term through June 30, 2014.

The Department is recommending a successor Agreement to update and/or include all contractual provisions as required by the Board of Supervisors.

County Counsel has approved Exhibit I as to form.

The Interpreter and membership connection fee service is not a Proposition A Agreement as these services are intermittent and as needed and, therefore, not subject to the Living Wage Program (Los Angeles County Code Chapter 2.201).

CONTRACTING PROCESS

In June 2007, the Board accepted an L.A. Care Grant Award for various projects, including the Interpreter Call Center Pilot Project and approved a non-competitive Agreement with CCRHC for membership connection fees to access HCIN. Since the initial Pilot Project, the Board approved a delegation and assignment from CCRHC to HCIN, and has approved a number of amendments to extend the Agreement. It would not be appropriate to issue a solicitation for continued services.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommendations will ensure the continuation of healthcare interpreter and membership connection fee services to make more effective use of interpreters throughout DHS facilities, which will reduce the travel and wait times of current interpreter staff. In addition, this service will avoid the cost of utilizing in-person commercial American Sign Language interpreters, as the connection by video will greatly reduce the minutes of usage of these interpreters.

Respectfully submitted,

The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Sub-paragraph, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. If the Contractor uses any subcontractor to perform services for the County under the Agreement,

the subcontractor shall also be subject to the provisions of this Sub-paragraph. The provisions of this Sub-paragraph shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the Agreement.

3. If the Contractor is not required to comply with the Jury Service Program when this Agreement commences, the Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor shall immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an exception to the Jury Service Program. In either event, the Contractor shall immediately implement a written policy consistent with the Jury Service Program. 4. Contractor's violation of this Sub-paragraph of the Agreement may constitute a material breach of the Agreement. In the event of such material breach, County may, in its sole discretion, terminate the Agreement and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

8.10 CONFLICT OF INTEREST

The Contractor warrants that it is not now aware of any facts that create a conflict of interest. If the Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to the County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this Sub-paragraph shall be a material breach of this Agreement.

Should the Contractor require additional or replacement personnel after the effective date of this Agreement to perform the services set forth herein, the Contractor shall give first consideration for such employment openings to qualified, permanent County employees who are targeted for layoff or qualified, former County employees who are on a re-employment list during the life of this Agreement.

The Contractor and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.
3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

6. The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. Under this Agreement, the Contractor provides services to the County and the Contractor creates, has access to, receives, maintains, or transmits Protected Health Information as defined in Exhibit K in order to provide those services. The County and the Contractor therefore agree to the terms of Exhibit K, Business Associate Under Health Insurance Portability and Accountability Act of 1996 (HIPAA).

8.27 INDEPENDENT CONTRACTOR STATUS

8.27.1 This Agreement is by and between the County and the Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between the County and the Contractor. The employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.

8.27.2 The Contractor shall be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Agreement all compensation and benefits. The County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of the Contractor.

8.29 GENERAL PROVISIONS FOR ALL INSURANCE COVERAGE

Without limiting Contractor's indemnification of County, and in the performance of this Agreement and until all of its obligations pursuant to this Agreement have been met, Contractor shall provide and maintain at its own expense insurance coverage satisfying the requirements specified in Sub-paragraphs 8.29 and 8.30 of this Agreement. These minimum insurance coverage terms, types and limits (the "Required Insurance") also are in addition to and separate from any other Contractual obligation imposed upon Contractor pursuant to this Agreement. identification number, its financial rating, the amounts of any policy deductibles or self-insured retentions exceeding fifty thousand (\$50,000.00) dollars, and list any County required endorsement forms.

- Neither the County's failure to obtain, nor the County's receipt of, or failure to object to a non-complying insurance certificate or endorsement, or any other insurance documentation or information provided by the Contractor, its insurance broker(s) and/or insurer(s), shall be construed as a waiver of any of the Required Insurance provisions.

Certificates and copies of any required endorsements shall be sent to:

County of Los Angeles

The written notice shall be provided to County at least ten (10) days in advance of cancellation for non-payment of premium and thirty (30) days in advance for any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Agreement, in the sole discretion of the County, upon which the County may suspend or terminate this Agreement.

8.29.4 Failure to Maintain Insurance

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Agreement, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Agreement. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance, and without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.

The Contractor shall require its insurers to execute any waiver of subrogation endorsements which may be necessary to effect such waiver.

8.29.8 Sub-Contractor Insurance Coverage Requirements

Contractor shall include all Sub-Contractors as insureds under Contractor's own policies, or shall provide County with each Sub-Contractor's separate evidence of insurance coverage. Contractor shall be responsible for verifying each Sub-Contractor complies with the Required Insurance provisions herein, and shall require that each Sub-Contractor name the County and Contractor as additional insureds on the Sub-Contractor's General Liability policy. Contractor shall obtain County's prior review and approval of any Sub-Contractor request for modification of the Required Insurance.

8.29.9 Deductibles and Self-Insured Retentions (SIRs)

Contractor's policies shall not obligate the County to pay any portion of any Contractor deductible or SIR. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration and defense expenses. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

8.29.10 Claims Made Coverage

If any part of the Required Insurance is written on a claims made basis, any policy retroactive date shall precede the effective date of this Agreement. Contractor understands and agrees it shall maintain such coverage for a period of not less than three (3) years following Agreement expiration, termination or cancellation.

8.46.5 The County's consent to subcontract shall not waive the County's right to prior and continuing approval of any and all

personnel, including subcontractor employees, providing services under this Agreement. The Contractor is responsible to notify its subcontractors of this County right.

- 8.46.6 The Director or his/her designee is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees. After approval of the subcontract by the County, Contractor shall forward a fully executed subcontract to the County for their files.

Failure of the Contractor to maintain compliance with the requirements set forth in Sub-paragraph 8.16 - Contractor's Warranty of Adherence to County's Child Support Compliance Program, shall constitute default under this Agreement. Without limiting the rights and remedies available to the County under any other provision of this Agreement, failure of the Contractor to cure such default within ninety (90) calendar days of written notice shall be grounds upon which the County may terminate this Agreement pursuant to Sub-paragraph 8.50 - Termination for Default and pursue

debarment of the Contractor, pursuant to County Code Chapter 2.202.

8.48 TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM

Without limiting the rights and remedies available to County under any other provision of this Agreement, failure of Contractor to cure such default within 10 days of notice shall be grounds upon which County may terminate this Agreement and/or pursue debarment of Contractor, pursuant to County Code Chapter 2.206.

8.49 TERMINATION FOR CONVENIENCE

8.49.1 This Agreement may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of work hereunder shall be effected by notice of termination to the Contractor specifying the extent to which performance of work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective shall be no less than thirty (30) days after the notice is sent.

8.49.2 After receipt of a notice of termination and except as otherwise directed by the County, the Contractor shall:

- Stop work under this Agreement on the date and to the extent specified in such notice, and
- Complete performance of such part of the work as shall not have been terminated by such notice.

8.49.3 All material including books, records, documents, or other evidence bearing on the costs and expenses of the Contractor under this Agreement shall be maintained by the Contractor in accordance with Sub-paragraph 8.43, Record Retention and Inspection/Audit Settlement.

- Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required either under this Agreement; or
- Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Agreement, or of any obligations of this Agreement and in either case, fails to demonstrate convincing progress toward a cure within five (5) working days (or such longer period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.

8.50.2 In the event that the County terminates this Agreement in whole or in part as provided in Sub-paragraph 8.50.1, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated. The Contractor shall be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and services. The Contractor shall continue the performance of this Agreement to the extent not terminated under the provisions of this Sub-paragraph.

8.50.3 Except with respect to defaults of any subcontractor, the Contractor shall not be liable for any such excess costs of the type identified in Sub-paragraph 8.50.2 if its failure to perform this Agreement arises out of causes beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes

beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule. As used in this Sub-paragraph, the term "subcontractor(s)" means subcontractor(s) at any tier.

- 8.50.4 If, after the County has given notice of termination under the provisions of this Sub-paragraph 8.50, it is determined by the County that the Contractor was not in default under the provisions of this Sub-paragraph 8.50, or that the default was excusable under the provisions of Sub-paragraph 8.50.3, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Sub-paragraph 8.49 - Termination for Convenience.
- 8.50.5 The rights and remedies of the County provided in this Sub-paragraph 8.50 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

- 8.51.2 The Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Fraud Hotline at (800) 544-6861 or www.lacountyfraud.org.

- 8.51.3 Among other items, such improper consideration may take the form of cash, discounts, service, the provision of travel or entertainment, or tangible gifts.

8.54 TERMINATION FOR NON-APPROPRIATION OF FUNDS

Notwithstanding any other provision of this Agreement, the County shall not be obligated for the Contractor's performance hereunder or by any provision of this Agreement during any of the County's future fiscal years unless and until the County's Board of Supervisors appropriates funds for this Agreement in the County's Budget for each such future fiscal year. In the event that funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. The County shall notify the Contractor in writing of any such non-allocation of funds at the earliest possible date.

8.55 TIME OFF FOR VOTING

The Contractor shall notify its employees, and shall require each subcontractor to notify and provide to its employees, information regarding the time off for voting law (Elections Code Section 14000). Not less than 10 days before every statewide election, every Contractor and subcontractors shall keep posted conspicuously at the place of work, if practicable, or elsewhere where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of Section 14000.

8.56 UNLAWFUL SOLICITATION

Contractor shall inform all of its officers and employees performing services hereunder of the provisions of Article 9 of Chapter 4 of Division 3 (commencing with section 6150) of Business and Professions Code of the State of California (i.e. State Bar Act provisions regarding unlawful solicitation as a runner or capper for attorneys) and shall take positive and affirmative steps in its performance hereunder to ensure that there is no violation of said provisions by its officers and employees. Contractor agrees that if a patient requests assistance in obtaining the services of any attorney, it will refer the patient to the attorney referral service of all those bar associations within Los Angeles County that have such a service.

8.57 VALIDITY

If any provision of this Agreement or the application thereof to any person or circumstance is held invalid, the remainder of this Agreement and the application of such provision to other persons or circumstances shall not be affected thereby.

8.58 WAIVER

No waiver by the County of any breach of any provision of this Agreement shall constitute a waiver of any other breach or of such provision. Failure of the County to enforce at any time, or from time to time, any provision of this Agreement shall not be construed as a waiver thereof. The rights and remedies set forth in this Sub-paragraph 8.58 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

8.59 WARRANTY AGAINST CONTINGENT FEES

8.59.1 The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

8.59.2 For breach of this warranty, the County shall have the right to terminate this Agreement and, at its sole discretion, deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

9.0 UNIQUE TERMS AND CONDITIONS

9.1 CONTRACTOR'S CHARITABLE ACTIVITIES COMPLIANCE

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the Charitable Contributions Certification, Exhibit M, the County seeks to ensure that all County Contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)

9.2 NO INTENT TO CREATE A THIRD PARTY BENEFICIARY CONTRACT

Notwithstanding any other provision of this Agreement, the parties do not in any way intend that any person shall acquire any rights as a third party beneficiary of this Agreement.

STATEMENT OF WORK HEALTH CARE INTERPRETER NETWORK

Rules of Participation

1. Overview

These Rules of Participation are developed and maintained by the Program Committee of Health Care Interpreter Network (HCIN).

The HCIN will offer to participating hospitals (HCIN members), connections which allow the opportunity to direct requests of voice or video calls to healthcare interpreters to be routed to interpreters at other participating health systems, and contracted service providers. HCIN members benefit from access to the trained and qualified interpreters of other health care systems and commercial providers to meet the wide scale of interpreter needs twenty-four (24) hours seven (7) days a week and to access language services not easily available to them.

2. Patient/Providers Stations

Employees from participating organizations will be able to access the HCIN system with any form of telephone if it is capable of allowing the interpreter, staff member, and client to speak and be heard by all parties at the same time. Appropriate telephone equipment for employees interacting with clients in person include telephones which have a speakerphone function, dual handsets connected to standard telephones with a splitter, wireless dual headsets, and stand-alone speakerphones. Employees interacting with clients by telephone should be equipped with telephones capable of 3-way calling in order to contact the HCIN interpreter system.

Video endpoints may also be utilized to contact the HCIN system when the hospital IT department has assured available connections through specified data ports or Wireless Access Points. Current video endpoints compatible with the HCIN system, in accordance with the Program Protocols, which may be revised from time to time by the HCIN technical team as technologies change.

3. Healthcare Interpreters & Quality Assurance

- 3.1 Healthcare interpreters may be added to the HCIN network by any of the HCIN members. They may only be offered for shared interpreting duties if they meet the qualification requirements agreed to by HCIN. The interpreter services are shared at a price agreed to by the HCIN contracts among HCIN members, as described in Exhibit A, Attachment III, Schedule 1 of the Agreement.

Interpreters employed by or contracted by HCIN members are the sole responsibility of those members and have no employment or contractual relationship with the HCIN. Training on Health Insurance Portability and Accountability Act (HIPAA) () and work rules governing the conditions of work of interpreters (such as timing of breaks, productivity expectations, conditions for the use of video terminals, ergonomic requirements, etc.) will be the sole responsibility of each provider, as governed by their employee contracts, human relations policies, and state and local regulation.

3.2 Requirements to determine qualification of shared interpreters of spoken languages address training, testing and orientation to the network:

Employers are encouraged to hire interpreters who have earned the Certified Healthcare Interpreter™ (CHI™) or the Certified Medical Interpreter (CMI) credential. The CHI™ and the CMI credential are evidence that the candidate has completed training and has passed a test of interpreting skills. HCIN requires no separate documentation of training and testing for these interpreters.

Employers are also encouraged to hire interpreters who hold the Associate Healthcare Interpreter™ (AHI™) credential. Interpreters who have earned the AHI credential or have passed Part 1 of the CMI test have met HCIN's training requirement. These interpreters still need to meet requirements related to interpreter skills testing or documentation as described below in 3.3 "Alternative means for documenting."

Interpreters who do not hold the any of the above credentials may submit documentation for having completed training and testing of interpreter skills as listed below.

a. Training

All Healthcare Interpreters of spoken languages who are to be added to the shared services of the HCIN system shall have completed an approved healthcare interpreter training program that meets the following criteria:

- Training is at least forty (40) hours in length
- Training incorporates the following basic elements:
 - role and ethics of health care interpreting
 - basic interpreting techniques and protocols
 - health care terminology
 - patient confidentiality

Alternative to submitting training documentation: submit the (AHITM) credential or evidence of successful completion of Part 1 of the CMI test.

b. Testing

Current Approved Interpreting Skills Tests for Spoken Languages:

- (1) Language Line: Interpreter Skills Test or Medical Certification Test.
- (2) Pacific Interpreters: Two test versions are accepted. On Medical Skills Report Level 3, the candidate must score Competent or Outstanding in the categories of "Bilingual Fluency and Conversion Skills" and "Interpreting Skills." On the Interpreter Readiness Assessment Report Level 2, the candidate must score Competent or Outstanding in the single score category of "Bilingual Fluency and Conversion Skills."
- (3) Cyracom's Interpreter Skills Assessment
- (4) The Medical Interpreter Test on the Internet (MITI) (test is no longer available effective 2011).
- (5) State of California Medical Interpreter examination administered by the California State Personnel Board on behalf of the Judicial Council for the California Courts (test is no longer available effective 2008).
- (6) State and or Federal Court certifications are accepted as they represent a more rigorous level of overall interpreter skills testing.
- (7) Or any approved test of healthcare interpreting skills conducted by an independent third party entity.

c. Orientation to HCIN

Orientation is set up by appointment with HCIN staff, usually the Director of Program and Quality Assurance, for all interpreters who are new to the Network. Topics covered include what is HCIN, training on equipment and logging in, standard interpreter greeting and how to report problems.

3.3. Alternative means for documenting that spoken language interpreters are trained and qualified for healthcare interpreting:

- a. The HCIN Program Committee may accept an interpreter for shared standards if their hospital labor relation inhibits the testing process, and the requesting manager can submit documentation of significant interpreting experience, language proficiency testing, and processes for the evaluation of interpreting skills and other indications of meeting the community standard.

- b. For languages for which there is only one test--or in some cases no test--of interpreting skills on the market, managers for these interpreters may meet the testing requirement by submitting a letter from the employing organization or a letter from a Community Based Organization stating that the interpreter(s) meet community standards of experience and acceptance.
- c. These languages, which include languages of lesser diffusion, will be offered for scheduled appointments. Managers at member hospitals and participating community-based organizations have demonstrated to HCIN that they their own credible processes for determining that interpreters are trained and qualified. The managers for these interpreters, having submitted a letter stating that interpreter meets community standards of experience and acceptance, will have six (6) months from the first accepted appointment for a given interpreter to complete the documentation of forty (40)hours of interpreter training.
- d. For new candidates for such interpreting positions, HCIN recommends but does not require that candidates take language proficiency tests in both English and the patient language. Language Testing International, for example, administers a test called the Oral Proficiency Interview. It is available in more than sixty (60) languages. HCIN suggests that qualified candidates should score Advanced High or Superior, but not lower than Advanced-Mid in both languages.
- e. Managers who hire court interpreters who are unable to show significant training in healthcare interpreting may submit a letter or a certificate of attendance that shows how the court interpreter has prepared himself or herself to learn about healthcare interpreting ethics, protocols and roles to transition to healthcare interpreting.

HCIN will develop online training on healthcare interpreting ethics, protocols and roles and could in the future require a court interpreter to complete this training free of charge within six (6) months of hire date.

3.4. Requirements to determine qualification of shared interpreters for American Sign Language (ASL):

- a. ASL interpreters demonstrate that they are qualified by possessing and maintaining their certification through their professional organizations, the Registry of Interpreters for the Deaf, Inc. (RID) and the National Association of the Deaf (NAD)

and submit that information as needed to HCIN.

- b. Orientation to HCIN: Interpreters for ASL must complete an orientation to HCIN set up by appointment with HCIN staff, as described above for spoken language interpreters.

3.5. Other

- a. The HCIN Quality Assurance Subcommittee, composed of program committee volunteers, will:
 - Evaluate and approve additions to the accepted healthcare interpreter training programs and interpreter skills tests based on the criteria approved by the HCIN program committee
 - Recommend to the HCIN program committee any changes or additions to the current criteria for approved tests or training programs
 - Develop recommendations of protocol for the response to multiple quality incident reports of an interpreter on the HCIN system
- b. Interpreters meeting above training requirements may be placed on shared service for up to two (2) months before passing an interpreter skills test, if the language is deemed a "high priority" for addition by the HCIN Program Committee.
- c. The HCIN Administration will review developing changes in standards and certification processes of the healthcare interpreting field and recommend any changes in the training or qualification standards annually.
- d. For each interpreter a participating provider wishes to share, an HCIN information sheet must be submitted along with documentation of completed training and interpreter certification requirements.
- e. Reporting incidents and issues related to interpreter quality and performance. Providers may submit incident reports to site coordinators regarding the quality of service interpreters provide. When complaints are generated about an interpreter on the system, HCIN will notify the site coordinator responsible for that interpreter and keep a record of the report. When two incident reports regarding a given interpreter have been received within a twelve (12) month period, HCIN will notify the site coordinator responsible for that interpreter in writing. If a third incident report has been received within the twelve (12) month period, and if the incident reports are generated by at least two (2) different

hospitals, that interpreter will no longer be shared on HCIN. The decision to remove an interpreter from shared service within the HCIN system may be reviewed for reconsideration by the HCIN Quality Committee, if requested by an HCIN program committee member.

- f. An employer may instruct interpreters to collect patient name, medical record number and other protected private information from patients within their own system. An employer may not instruct interpreters to collect patient identifiers such as name and medical record from providers and patients in other systems to enter such information into a database. For calls from other systems, interpreters may request information at the beginning of the call for interpreting purposes only.

4. Healthcare Interpreter Workstations

Workstations requirements:

- a. Interpreter workstations must be designed to assure patient audio and visual confidentiality. The stations may not be placed in physical locations which are areas of routine public contact. Video monitors must face in a direction which does not allow visibility of patients to persons walking by the workstation. For patient confidentiality and for sound quality for endpoint users, interpreters must utilize a headset or handset.
- b. The background visible to patients and providers behind the interpreter shall include the HCIN name and logo and the name and logo of the healthcare provider where the interpreter is located. Any other material visible in these images should maintain a professional appearance.
- c. Interpreter workstations must have desktop access to the internet for email communication/updates with HCIN system administrator and for access to interpreter support websites.
- d. Interpreter workstations must have a dedicated phone with access to external lines and the ability to call HCIN system and program administrators.
- e. Interpreter workstations must have lighting conditions such that the interpreter's face is well-lighted and the interpreter eyes are able to be seen at all times.
- f. Each interpreter workstation to be shared on the network shall be approved by HCIN management according to the above guidelines.

5. Network Infrastructure

HCIN calls run on a private data network with the hub of call processing taking place at the HCIN Network Operations Center (NOC). The HCIN NOC is part of a heavily secured commercial data center with redundant power facilities.

The wide area network (WAN) of HCIN is a private high speed network of an Multiprotocol Label Switching (MPLS) network. No other traffic except HCIN runs on this network. Monitoring and Service Level Agreements dictate standards of throughput and availability. HCIN staff will make and update recommendations on the data speed required for participating organization's connectivity.

To connect to the HCIN WAN, routers at the provider's data center are set up and managed by HCIN. All devices from the router are HCIN maintained; all devices local from the inside router connection are the participating organization's responsibility.

A local network at each hospital or provider system must be established to connect to the HCIN WAN. The local network must run on a physically isolated network or a virtual local area network (VLAN) dedicated to only HCIN traffic. The local network hardware such as switches, wireless access points, or cabling are the responsibility of the participating organization. Local Firewalls are an option, and if chosen, require a subset of configuration requirements to allow for HCIN traffic.

Connectivity by telephone systems requires the provider IT/telecommunications staff with HCIN specifications to select, cable, and configure the appropriate type and number of phone trunks. These trunks will terminate in the router mentioned above.

The participating organization agrees to provide IT support for the testing and work to resolve issues, to establish and maintain connections of the HCIN network.

6. Site Support

Each organization should designate an "HCIN Site Coordinator" whose responsibility is the main point of contact for installation and operation of the organization's HCIN participation.

Each HCIN member's Site Coordinator (or designee) is encouraged to conduct a monthly check in each of the HCIN deployed areas. The monthly review will include:

- Getting feedback from endpoint users on usage and provide training as necessary

- Checking the equipment that is used to access HCIN
- Checking for proper labeling of equipment and dataports
- Resolving above findings or escalating issues to the HCIN System Administrator

The HCIN Site Coordinator is responsible for inventory control of HCIN equipment. This includes the responsibility to maintain the recommended items and quantity of spare parts.

In addition to the HCIN Site Coordinator, hospital interpreters and IT staff will act as the "HCIN Point of Contact" (POC) personnel for liaison with HCIN staff.

7. Technical Support

Technical support for systems problems of the HCIN will be available from the HCIN Help Desk twenty-four (24) hours, seven (7) days a week. Technical support for devices attached to the HCIN will be available from the HCIN Help Desk during regular business hours, 8:30 am – 4:30 pm Pacific Time zone weekdays. Response to help desk calls for IP devices attached to the HCIN will be responded to by HCIN management within two (2) business days.

Only HCIN "Point of Contact" personnel from each hospital (IT staff, the "site coordinator", interpreters, or hospital IT departments) shall report a technical problem to HCIN. Each member's HCIN Site Coordinators, Interpreters, and some IT department personnel shall be available for HCIN Troubleshooting Training which will be conducted at the transition of HCIN Installation to HCIN On-Going Operations. Troubleshooting by each participating hospital will be required for the initial technical investigation into problems

Each organization will agree to communicate technical problems on a standard form. HCIN will validate the problem with the assistance of the HCIN member's Point of Contact staff.

**HEALTH CARE INTERPRETER NETWORK
STATEMENT OF WORK
TELEHEALTH PILOT PROJECT
OLIVE VIEW + UCLA MEDICAL CENTER AND RANCHO LOS AMIGOS NATIONAL
REHABILITATION CENTER**

I. Project Description

Health Care Interpreter Network (HCIN) will upgrade its infrastructure to accommodate scheduled appointments in the HCIN system (SVS). These appointments will be utilized to test the value of home based video support involving patients from the Palliative Care Center at Olive View + UCLA Medical Center and from the Spinal Cord Center at Rancho Los Amigos National Rehabilitation Center, and to extend service provision to patients in their homes after they are discharged from the hospital, using each hospitals existing video infrastructure.

II. Term of Telehealth Pilot Project

The term of the Telehealth Pilot Project will be July 1, 2014 through December 31, 2014.

III. Telehealth Pilot Project Cost

The Telehealth Pilot Project will be conducted at no cost to County over the term of the Project period.

Should the participating hospitals desire to continue Telehealth services beyond the expiration of the Project term, each hospital will be responsible for all costs associated with the continuance of Telehealth services. The continuance of Telehealth Services shall only be effected through a formal amendment of this Agreement, and contingent upon available funding. Costs associated with the Telehealth Pilot Project are as follows if continued beyond the term of the Pilot:

Lite Hosting Fee:	\$150 monthly per unit (\$3,600 annually)
Verizon Coverage and Data plan:	\$35 monthly per unit (\$840 annually)

IV. Telehealth Pilot Project Equipment

The Pilots will involve providing iPads for two patients at each facility who have agreed to participate in the Pilot(s), and video (VMI) for the clinical staff at each of the participating hospitals.

During the Pilot Project period, HCIN will provide, at no cost to County, iPads for each participating patient, set-up costs, and the monthly hosting fee for the iPads and coverage and data plan through Verizon.

Should the Telehealth Pilot Project prove successful, and the participating hospitals desire to continue Telehealth Services, each hospital will be responsible for all equipment, set-up, and monthly hosting fees and Verizon Coverage and Data Plan, as described above.

V. Activities

A. Infrastructure technology and work design

HCIN will contract for scheduling software to allow web portal based scheduling processes to link users within the HCIN system. HCIN staff will examine models of internet virtual meeting room set up through either automated or staffed scheduling process for the internet connection to physicians or language requesters within the HCIN private MPLS (Multiple Protocol Layered Switch) network. Once mechanisms and processes for appointment scheduling are established, both areas of program activity will be initiated.

HCIN team members will also establish procedures for the utilization of the HCIN MCU to allow for virtual meeting rooms on the HCIN network for appointments for palliative care services.

B. Palliative Care Program and the Spinal Cord Center

1) Preparation Stage

Users in the both the palliative care pilot and the spinal care pilot will include setting up video access to the care service providers, including the provision of a desktop video station (like those

provided to interpreters within the HCIN hospital) at the office of the respective clinical staff involved in the pilot projects.

The second part of set up is the provisioning of 4 Verizon service iPads with video connection to the HCIN MPLS. These will be available to be provided to patients with active symptom management issues, recent discharge from an acute care setting for trouble shooting prior to outpatient visit, patients who are still able to communicate effectively without the presence of a surrogate, patients who must have a designated contact for reliable ongoing communications, during the discharge process from the hospital. In addition, this will also allow interfacing of social work component to address complex psychosocial issues without always having face to face meetings. Hospital will evaluate the skill level of patients to utilize the equipment, their home support environment, and connectivity of the patients home to Verizon 4G service for video capability.

The third part of the set-up of home video for the pilot project for each service, is the establishment of operational procedures for the use of patient home based video over iPads. This will include how and when video connections will be established between patients and providers. This will include the resolution of the following questions:

- a) How will video units be provided to patients, contracts, liability for loss of the unit, etc.
- b) Who will initiate the call?
- c) Will the call be scheduled at a regular time?
- d) What services will be provided over the video call?
- e) How long will the service be provided to the patient?

The final section of the set-up phase will be the design of a short survey for patients and providers following their use of the home based video service. This will be conducted by hospital staff with patients when their use of the iPad video unit is concluded. The survey of hospital staff will be conducted at the termination of the Telehealth Pilot Project.

2) Implementation Stage

Once providers and patient units have had their video connections established and policies and procedures for the service delivery confirmed, the hospital will begin implementation. A video unit will be consigned to the patient upon discharge from the hospital. The patient and provider will communicate over video for the predetermined time period. This service is projected to be regularly scheduled visits with the nurse case manager and other assigned clinical staff, and occasional physician visits with the patient. Some appointments may include both the physician and the assigned clinical staff with the patient in a 3 way call. In addition, an interpreter may be included or required during the consultation.

The protocol will be adjusted to account for now lessons gleaned from the first patient deployment and subsequent patients will receive video units upon discharge.

Over the course of a 6 month period, two (2) patients at each participating hospital are expected to be furnished with iPad video units for each service.

3) Evaluation

Upon the completion of each patient usage of an iPad video unit, hospital staff will conduct the prepared survey of evaluation with the patient. At the completion of the 6 months of service provision, all participating staff will complete the prepared staff survey to assess the value of the service.

Title 2 ADMINISTRATION
Chapter 2.203.010 through 2.203.090
CONTRACTOR EMPLOYEE JURY SERVICE

Page 1 of 3

2.203.010 Findings.

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. (Ord. 2002-0015 § 1 (part), 2002)

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

In Los Angeles County: 1-877-BABYSAFE 1-877-222-9723
www.babysafeinfo.org

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.
